***I've been
feeling sleepy.***

***I feel like I'm
going to die.***

My skin is blotchy.

***I haven't been to
the toilet in a while.***

I can't stop shivering.

It's hard to breathe.

PATUA TE WHAKAMĀ, KŌREROHIA MAI

Sepsis is a serious infection in your blood. If you've noticed any of the following symptoms.

Sleepiness or confusion.

Extrême shivering.

Passing no urine for a day.

Severe breathlessness or breathing very fast.

It feels like you are going to die.

Skin blotchy.

No shame, talk to us and ask

“Ko te mate whakatāoke rānei tēnei?”

“Could it be Sepsis?”
